Quick Listen: Scrip's Five Must-Know Things

Coronavirus Vaccine Progress, A New CAR-T And A Big Oncology Deal

by Ian Haydock

Join us for a quick audio roundup of five useful things to know from Scrip's recent coverage of the global biopharmaceutical industry.

Take a brief audio tour around Scrip's Five Must-Know Things, in this episode covering major industry developments in the business week ended 31 July 2020.

Further progress with multiple coronavirus vaccines, a new CAR-T therapy in the US, and a breakdown of a huge new oncology deal are covered this week.
