# Quick Listen: Scrip's Five Must-Know Things

*Weekly Audio Catch-Up*

by **Ian Haydock**

Join us for an audio roundup of major events in the international biopharma industry over the past week, as reported by Scrip's global team.

Take a brief audio tour around Scrip's Five Must-Know Things, this time covering major developments in the business week ended 2 October 2020.

In this edition, the industry pushes back on claims it could move even faster on coronavirus vaccines, promising results are reported for a COVID-19 antibody cocktail, US House hearings on pricing get off to a slow start, top-level executive changes are announced, and a progress update on a major acquisition.

This and other Informa Pharma Intelligence podcasts are also now voice-accessible as a skill on Alexa smart speakers and the Alexa app, under the "Business and Finance" category. Just say "Alexa, Open Informa - Pharma Intelligence" and then ask for a specific podcast or topic.
