Quick Listen: Scrip's Five Must-Know Things

by **Ian Haydock**

Join us for an audio catch-up on the latest key developments in the global biopharma industry, as reported by *Scrip's* global team, in this mini podcast version of Five Must-Know Things.

This episode includes insights from around the biopharma world for the business week ended 22 January 2021.

This time we have more from JPM including mid-term launch plans from a UK major and how successful the virtual format was, contingency plans for a single-dose coronavirus vaccine, an antibody for COVID-19, and a roundup of the industry's own views of its prospects for the coming year.
